| Search within<br>Article title, Abstract, Keywords     | ~                                    | Search documents<br>survival   | ×   | <b>D</b>  |
| + Add search field                                     |                                      |  | Reset Search Q  |   |
| Documents Patents Secondary                            | documents                            | Research data ⊅  |   |   |

- 2. Add a search field with a new topic.
- 3. Narrow to Documents, Patents, Secondary documents or Research data.
- 4. Click on the **Search** button.

### Find Full Text of an article

- 1. Use the Find It Button **Find It** to check if full text is available.
- 2. If no full text is available, click on <u>Ruth Lilly Medical Library Content</u> <u>Management & Delivery</u>. (You may need to log into the service with your IU username and passphrase.)

#### Export, Print, and Save Scopus references

- 1. Click on the check box next to each article citation to export, print, and/or save.
- 2. Click on the:
  - **Export arrow** to export
  - **Download link** to then print
  - Under **More**, click on **Save to list** to save the chosen references in Scopus. NOTE: When Saving to a list, you will need to sign into and/or create a free Scopus account.
