

Web of Science

for topic searching

Access Web of Science

1. Go to [Ruth Lilly Medical Library Databases](https://iupui.libguides.com/az.php?s=83627).
(<https://iupui.libguides.com/az.php?s=83627>)
2. Scroll down to click on **Web of Science** or click “**W**” on the alphabet bar.
3. NOTE: You may need to enter your IU username, passphrase and DUO.

Basic Topic Search in Web of Science

The screenshot shows the Web of Science search interface. At the top, there are tabs for 'DOCUMENTS' and 'RESEARCHERS'. Below that, it says 'Search in: Web of Science Core Collection' and 'Editions: All'. There are three tabs: 'DOCUMENTS', 'CITED REFERENCES', and 'STRUCTURE'. The search bar has a dropdown menu set to 'All Fields' and contains the text 'Example: liver disease india singh' and 'liver disease transplant*'. A red arrow points to the search text. Below the search bar are buttons for '+ Add row', '+ Add date range', and 'Advanced Search'. At the bottom right, there are 'Clear' and 'Search' buttons, with the 'Search' button circled in red.

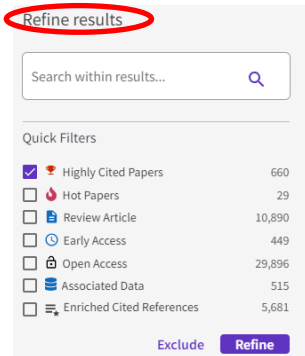

1. Next to the All Fields box, type in keywords, and click on Search.

The screenshot shows the Web of Science search results page. At the top, it says '71,833 results from Web of Science Core Collection for:'. There are buttons for 'Analyze Results', 'Citation Report', and 'Create Alert'. The search bar contains 'liver disease transplant* (All Fields)'. Below the search bar, there are buttons for '+ Add Keywords' and 'Quick add keywords:'. The 'Quick add keywords' section shows several keywords: '+ LIVER TRANSPLANTATION', '+ LIVER TRANSPLANT', '+ CIRRHOSIS', '+ END STAGE LIVER DISEASE', and '+ ACUTE LIVER FAILURE'. A red arrow points to the '+ ACUTE LIVER FAILURE' keyword. Below that, there are buttons for 'Publications', 'You may also like...', and 'Copy query link'. The 'Refine results' section shows a search bar and a 'Quick Filters' section with various filters like 'Highly Cited Papers', 'Hot Papers', 'Review Article', 'Early Access', 'Open Access', and 'Associated Data'. The main results section shows a list of results, with the first result being 'Cigarette smoking and liver diseases' by Mari-Aguado, D., Clemente-Sanchez, A and Batailler, B. The result shows 15 Citations and 146 References. There are buttons for 'Add To Marked List' and 'Export'.

2. Consider adding keywords to your search by clicking on **Quick add keywords**.

Fine-tune your topic search

1. Narrow the search using any of the options provided under **Refine results** on the left-hand side of the screen.
2. Click each filter you want to use and click either **Exclude** or **Refine**.

3. Click on the **Related records** link of a reference.
NOTE: Related records share references in common. 'Relatedness' is defined by shared citation patterns.
<https://clarivate.libguides.com/librarianresources/coverage/>
4. Consider clicking on **You may also like . . .** to see suggested results.

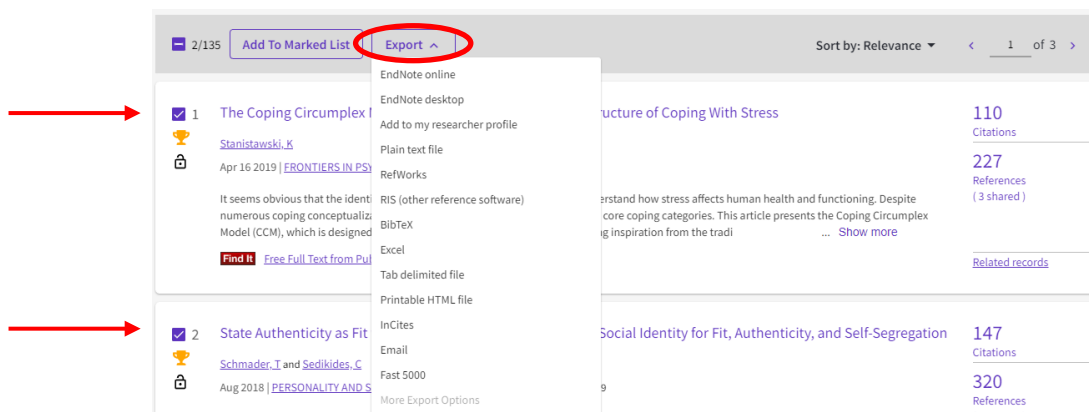

Find Full Text of an article

1. Use the Find It Button **Find It** to check if full text is available.
2. If no full text is available, click on [Ruth Lilly Medical Library Content Management & Delivery](#). (You may need to log into the service with your IU username and passphrase.)

Export, Print, and Save Web of Science references

1. Click on the check box next to each article citation to export, print, and/or save.

2. Click on the Export button to see options for exporting, printing, or saving the chosen references.
